Mr. Harold Weisberg

A few days ago a few of my friends was discussing the death of Pres. John Kennedy. Mr. Stephen ST John, President of Metatron was a part of the groupe. He ask me to tell what I said in a letter to you.

This is what I said. A few days after the President was kill, over the radio a reporter said that Village Voice news paper reported that Lee Harvey Oswald was in New York City a few days be the Pres. death.

I have lived in Greenwich Village many years. This evening I and a women friend had walk from the NAACP Branch Headquaters, W forth St. and when we reach 7 Ave. There was two y oung men, one was a little tall and thin, the other man was not as tall, a little on heavy side, both was drunk, the short man was very vicious and the other man jest stood on the side and keep smiling, at his friend wanting to attack me. I could tell that both was southeners. After seeing the picture of Oswald I was sure the report about him being in the Viiiage was true.

Yours truly. James Yates
